DR. GARY WOOD NEWS:

Dear Partners,

Thank you so much for helping me to walk in the footsteps of Jesus. I was able to give my testimony at Jerusalem Baptist Church where a demonized man tried to attack me, but the power of Jesus stopped him. We visited the tomb of Lazarus in Bethany where I shared his story. In Jerusalem, we saw the Mount of Olives; the birthplace of Mary; the Bethesda Pool through the Damascus Gate; and the Lion Gate. We visited and swam in the Dead Sea in addition to going to ancient Masada and the En Gedi Beach. At the Wailing Wall (western wall), I prayed for you and your prayer requests. In the Garden Tomb, we shared Communion.

We visited the Biblical region of Ephraim and visited a church where I led worship and praise; afterwards I gave a word to encourage the local pastor. Ephraim is where Samuel the prophet was; Debra the first Judge of Israel; David and the Ark of the Covenant were at one time. I enjoyed a meal and fellowship at "Peters Place Restaurant" in Taybeh. There, we met the Mayor of Taybeh and toured their family business. In Bethlehem, we visited the Church of Nativity, the Shepherds Field, and enjoyed a wonderful meal. Also in Jerusalem, we visited the Upper Room where I prayed for you, the tomb of David, and an excursion to the underground tunnels under the Western Wall.

At the Sea of Galilee, I experienced Captain Daniel Carmel, a messianic believer in Jesus, who sang worship songs on the waters where Jesus walked. One of those songs was a song I heard for the first time when I was in Heaven. In the ancient town of Capernaum, the home of Jesus, Peter, and Andrew, I taught on the Baptism of the Holy Spirit on Pentecost Sunday. A lady from another group was listening; she told me she was from California. She said that was her church that day. Two days later, I met her up in the Golan Heights, (a miracle in itself) where she told me God had healed her that day of arthritis in her hands and arms during that service.

We also visited the Apostle Peter's house, where the loaves and fishes miracle occurred and ministered at the Sermon on the Mount. It was inspiring to visit the National Park of Israel in Caesarea Philippi, where Jesus said the gates of hell would not prevail against the church. It was breathtaking to look upon Nazareth, Armageddon, Mt. Tabor, Mt. Transfiguration and the beautiful Mediterranean Sea. As I visited the land where Jesus walked, once again I realized that their eyes are closed for now to Jesus being the Messiah. Most ministry opportunities were one on one. I prayed for you and together let's walk out what Jesus taught us until He comes. Thank you again for your support for my trip there, and for the prayers for my family and our safety. We pray for the richest blessings of God to overtake you in every area of your lives.

Be Blessed,
Dr. Gary Wood

Dear Dr. Gary Wood,

I am praying about becoming a partner with you. I saw you on Sid Roth and was so impressed by your testimony. I am praying to the Lord about what He wants me to give into your ministry monthly.

Have please my love and respect,

Yahli. Jerusalem, Israel

We, a party of seven, some, who traveled five hours one way from various parts of the state to attend the 3rd Sunday healing service with Dr. Gary Wood at Prayer Mountain in Branson, MO. We came with another WWP for a complete healing of cancer. The Holy Spirit told us, "If you give of your time and effort to seek God and search for Him, He will always give more." Our minds were focused on our friend battling a death sentence. Several of us were holding up other family members also battling cancer. Each of us had a health need we held before the Lord, but our main purpose was to help and uphold our friend, who had traveled five hours to be there at Prayer Mountain that day. The fact that she could do it was nothing less than a miracle all by itself! I went online and watched the whole service again and was able to receive an even greater blessing and strengthening. The experience reminded me of a delightful family reunion. We each agreed the atmosphere of Heaven was definitely there. We are all different people, stronger, and more mature in the Lord after that service. I began noticing my mind is stronger and free from confusion. The clearing of my mind has improved daily. I thank you Lord! You touched me! As I watched the healing service again, I was reminded that Dr. Gary Wood was praying against dementia. I believe the generational curse planned by the enemy against me was broken at that service. My full thinking capacity is in strong evidence. To God be the Glory! There are more testimonies to come.

Blessings,

It was great to meet you at the Christian Renewal Church in St. Simons Island, GA. I drove with my wife over five hours from Atlanta to be in that service. I'm so thankful to have received a new heart after you prayed for me. I believed and received!

Much love & blessings,

Glenn Noller, Atlanta, GA

When Brother Gary Wood said spines were being healed, I received that healing for me. The very next day, I could stand up straight, holding my foot in my hand at the back of my thigh. I also received my healing for whatever was wrong with my heart. I noticed that same day, that I was not out of breath, or tired, when I did my routine fast walk and ran up the stairs.

Praise the Lord!

Jacqueline Soptame, Chicago, IL

Dear Gary, Deena & Angel,

I feel so blessed to be connected with all of you. I read your books and they touched me. I know you are people of God and anointed, all of you. It means so much to me to be connected with such prayer warriors. I know you pray for me and it means everything to me. I feel like I know you and love you dearly. God Bless you and thank you for praying.

Love, Patti Perry, Salinas, CA
