⁴ Enter his gates with thanksgiving and his courts with praise; give thanks to him and praise his name.⁵ For the Lord is good and his love endures forever; his faithfulness continues through all generations.

Psalms 100:4-5

Dear Friends & Partners.

As we approach the Thanksgiving season I want to ask you, "What is your attitude?" No one likes to be around an unthankful person. Do you have the attitude of thankfulness? You say, "Dr. Gary, how can I be thankful when I cannot pay my bills? Attitude is a choice. Life consists of what you think it is, not what or how your body feels. Your spiritual relationship toward God and man is controlled by your mouth.

Proverbs 6:2 says, "You have been trapped by what you said, ensnared by the words of your mouth." Stop saying, "I CAN'T." Start saying, "I WILL!" Stop saying, "It's IMPOSSIBLE!" Nothing is impossible to those who believe. If you are a child of God, heaven is waiting to explode within you and take you to your destiny. You cannot be defeated! Quitting is beneath your dignity! Therefore, arise and be all that you can be with the power of the resurrected Christ operating within you!

I am thankful for my family: Deena, Angel, David, Shelley, and our precious grandson. I am thankful for my in-laws, Ken and Lois Kennedy. I am thankful for all our friends, partners, and family that pray for us and support us every month. Your support is what keeps us ministering the way God has called us to. I am thankful that at sixty-four years of age, I am healthy and all our needs are met by Christ Jesus by His riches in glory.

An attitude of thankfulness is not based upon your circumstances or emotional feelings, but it is an act of your will. You are where you are today because of decisions you made yesterday. You will be where you are tomorrow because of decisions you make today, so choose to be thankful. You are one of a kind. God threw away the mold when He made you. So lift up your hands and shout, "Hallelujah!" Live with joy and peace because you are a child of God. The best day you have is NOW! Live it to the fullest and enjoy all that God has given you.

Do you want to experience God's supernatural power? Are you in a situation where you need a miracle? Do not complain and start offering praise. Praise God for every burden He has carried for you, every giant He has helped you whip and you will start experiencing the riches of the presence of God. Give Him thanks for every time you were in bondage and He set you free! You will feel the peace and power of God that He wants to bestow upon you as His child.

**Blessings and Favor upon You,
Dr. Gary, Deena and Angel Wood**

This man in Philadelphia Church, Oak Ridge, NJ could not lift his hands when he came into the meeting. Look at him, now!

Barbara Hansen from NJ was healed from asthma two years ago after prayer; it has not come back since. Fred Judge and his mother came back to the Lord; right after her salvation, she went home to be with the Lord.

During our meetings, I had dizziness from a severe infection with a heavy antibiotics side effect. The dizziness prevented me from doing many tasks including working. As you prayed, you laid your hands on my ears and instantly the dizziness left; I have had no dizziness since.

You really blessed us in Glasgow. We have had many good reports from your time here; we have requests for more books and tapes. We also know that we want you back here in Glasgow as the Holy Spirit leads you.

There was a hunger instilled in many and now they will be ready for more.

Praise God for revival.

TESTIMONIES:

- ◆ Calvary's greetings to you, Dr. Wood. I am Pastor Sunu Yao Edem for *Grace Community Church* in Ashaiman, Ghana, West Africa. We are a young growing church about two and one half years old. I am a friend to Pastor Brian Young of *Word Church*, League City, TX. He has shown me some pictures of your visit to his church and gave me your website address where I read all the wondrous things that the Lord is doing through your ministry. What a testimony! I would love to be a friend to your ministry and be part of the great work God is doing through you. I believe it will be a great blessing to us here in Africa.

Hope to hear from you soon, Blessings, Pastor Sunu Yao Edem, Ghana, West Africa

- ◆ Blessings and grace to you! We are still on a high from the meeting on August 4th. Thank you so much for sharing your gift with us. We really appreciate your heart and your love for the mission of Christ; we believe that this is the beginning of a God ordained plan. Words cannot express how grateful we are to you and your family. We can't wait to get to know you all better. We pray great grace on you and your ministry.

Blessings, Brian Young, Word Power Church, League City, TX

- ◆ I came across your website and saw the numerous healings. Please pray for my mother who has had two brain surgeries for an aneurysm. Could you please send me a prayer cloth?

God Bless You, Violet Bothello, Safat, Kuwait

- ◆ We met around 2005 or 2006 at *Love of Jesus Family Church* in West New York where you were the speaker. I had seen you on Sid Roth and wanted to meet you to get something from the Lord. I could feel a great anointing of the Lord just listening on the radio and watching you on Sid Roth. I came to the church and we met. I am now in my home country, Kenya; the Lord has used me quite a bit. I just wanted to say hello to you and Mrs. Wood since I met you both there at the church. Be blessed and stay the way you are in the Lord.

Shalom, Patrick Gichuki, Kenya, Africa

- ◆ From the office of Billy Brim - Dear Billye, On 3/17/2013 Gary Wood was on Prayer Mountain and he was starting the section of his portion of the noon prayer, He spoke of a parts room in heaven and explained his visit there. As soon as he spoke the words, "Someone is getting a new set of lungs." I jumped up and claimed them out loud; right there and then, I went into praise and worship for my new lungs. GOD GAVE ME NEW LUNGS!

Mary Brückner, York, PA

- ◆ I don't even know where to start; but, thank you all. I came back to church when I was told Gary Wood would be speaking after not attending church for fifteen years. After hearing Dr. Wood, something changed; I have never missed church since. Thanks to your husband, I am not going to hell; I have led others to Christ also. Angel, what can I say, she has the right name. She spoke to me when I needed it most. Gary spoke so kindly to me on the phone. This will be my tenth meeting hearing you and consider you wonderful friends.
